

**Christine L Krause, MSN, CPNP**  
**Biographical Sketch**

Christine Krause is currently the Associate Director of Programmatic Affairs at ARIA Health School of Nursing. Her duties include direct supervision and evaluation of full time and adjunct faculty, as well as coordination of the Senior Capstone course and Nursing Arts Lab. Ms. Krause is the administrator assigned to facilitate the resolution of faculty and student issues related to classroom and clinical activity.

Her educational credentials include a Diploma in Nursing from Mercy Hospital in Scranton (honors), a Baccalaureate Degree in Nursing (Magna Cum Laude) from West Chester University, where she served as the Sigma Theta Tau: Xi Delta Chapter President, and a Master's Degree in Nursing (honors) from the University of Pennsylvania's Pediatric Nurse Practitioner program.

Ms. Krause has over thirty years of didactic and clinical experience in pre-licensure programs as well as in teaching RN-BSN and Master's students. She has taught courses in fundamentals, assessment, growth and development, rehabilitation, community and public health, medical-surgical, maternal-child, geriatrics, professional development, leadership and management, anthropology, and the care of the veteran. She has experience in course design and has developed and taught hybrid courses on *Care of the Veteran* and *Holistic Nursing*. She also has chaired various program and NLN committees.

Her scholarly publications address the care of the pediatric patient with an emphasis on the adolescent. They include continuing education modules for the ANA and ANF and co-author of the chapter, *Daytime Enuresis* in *Pediatric Urology for the Primary Care Provider*. She has extensive experience as an NCLEX item writer/reviewer and nursing text reviewer for various publishers including Wolters Kluwer, Mosby, and FADavis. She completed a term on the Pediatric Nursing Certification Board Exam committee and was awarded a fellowship from the National Association of Pediatric Nurse Practitioners.

Ms. Krause's nursing practice and administrative experience is comprehensive, including positions as Director of Professional Services in home care, rehabilitation, and skilled nursing, supervisor of a large urban hospital, and as a nurse practitioner in primary care and pediatric urology.
